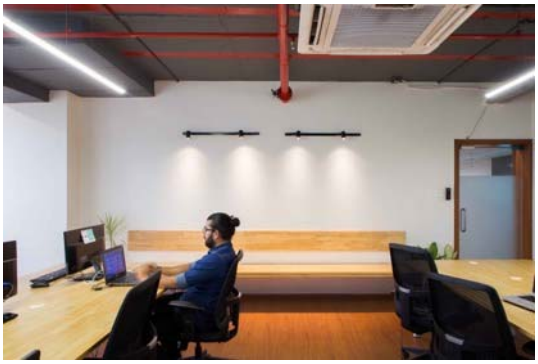
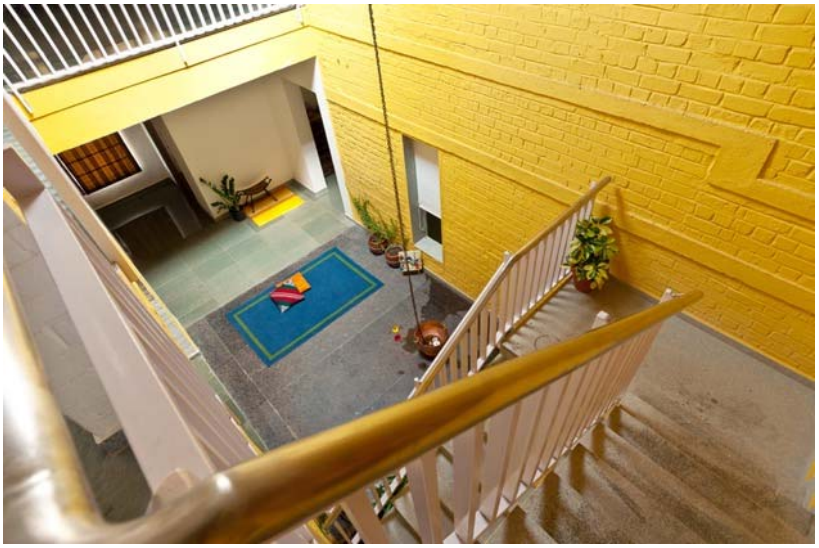
M+P

ARCHITECTS COLLABORATIVE





PROFILE (year 2018)

M+P Architects Collaborative is an Architectural Consultancy firm based in Pune. We are a registered partnership between Ar. Meghana Kulkarni and Ar. Pooja Chaphalkar. The experience of the firm is of more than 10 years. Our projects have so far spanned the states of West Bengal, Goa, Maharashtra, Karnataka and Madhya Pradesh.

Vision: The firm has always strived to interpret ecologically sound principles into lifestyle related feasible solutions. Anything in the realm of the built environment invites us and challenges us. Our appreciation of the natural and unbuilt, manifests in a language of work that our clients have always lauded. We look forward to grow and take up projects at varied scales with the same set of strong ethics that have been with us throughout.

Shop Act ID no : 105565971803

Meghana Kulkarni: (Council of Architecture license/ 2008 / 43077)

After having attained the B. Arch degree from Sinhgad college of architecture, Pune Univ., Meghana completed a post graduate diploma course in Natural resource management and ecological restoration from ecological society, Pune. Her interest in eco friendly and local technologies led her to an internship at the Auroville Earth institute as a part of her B.Arch course. After graduation, she worked with Ar. Abhijit De, Ar. Pankaja Bagul and Narendra Dengle and Associates then starting her own freelance practice before collaborating with Pooja. She has been a visiting faculty in PVP college of architecture since 2011 being a part of various design studios and electives.

Pooja Joshi Chaphalkar: (Council of Architecture licence / 2008 / 43503)

Pooja graduated as a topper from Sinhgad college of Architecture in 2007. Her internship with Architect Sanjay Mohe (Mindspace Architects, Bangalore) gave her mentors and rich exposure to sensitive and large scale projects across the country. She later worked for a year with Ar. Rahul Gore (Opolis Architects, Mumbai). A post graduate Diploma in Natural Resource Management and Restoration directed her to look for a different work ethic which helped her to travel across India to varied places looking for the correct answers to her understanding of sustainability. She worked with Ar. Chitra Vishwanath and Vishwanath Shrikantiah (Biome Environmental Solutions) in Bangalore. With a rich work experience across 3 offices she started her independent Practise in Pune in 2009. She has been involved as a visiting faculty and jury at colleges like BN college of Architecture, Brick Institute, and BKPS college of Architecture.
